

Salsa

INGREDIENT LIST:

- 4 vine-ripe tomatoes
- 1 bunch of cilantro
- 1 small sweet onion
- 1-2 jalapeño peppers (depending on heat preference)
- 3-5 cloves of fresh garlic, or to taste
- Salt and pepper, to taste
- 1 lime
- 1 oz. GOOD tequila

RECIPE INSTRUCTIONS:

1. Super simple. Remove the stems from the tomatoes and cilantro. Put all ingredients (minus the lime) into a food processor. (John notes that yes, he adds the tequila to the mix as well, when he does not drink it first.)
2. Zest the lime and squeeze the juice. Add to the food processor.
3. Pulse until you get the desired consistency.
